PRIME MINISTER IN FIGHTING ADDRESS LASHES OPPONENTS

Declares Liberals Have Wasted Money by Prolonging Debate and Sought to Obstruct Progress of Country Towards Recovery—Canada Has Proud Record of Achievement

OTTAWA, Nov. 8 (CP).—"Every prejudice that can be found in the minds of men is being appealed to by our opposition—every effort possible is being made to stir up animosities and create a division within our ranks," declared Prime Minister R. B. Bennett, speaking tonight at the annual dinner of the Eastern Ontario Liberal-Conservative Association.

"Shall their efforts succeed? That is for you to answer," Mr. Bennett gave what was probably the most campaign-like speech he has delivered since the general elections of 1930, and a general atmosphere of pre-election activity predominated.

AMAZED AT CRITICS
Mr. Bennett said he had been amazed, in reading the speeches of those opposed to Conservative administration, "It would seem," he said, "that they have no realization of the conditions existing in the world. They appear oblivious to the fact that we have passed through the greatest economic depression of all time."

"Nor do they seem to know that this small country of slightly more than 10,000,000 people, lying alongside the richest country in the world, has come through this depression with a record that is the admiration of the whole world—a record that should be the pride of every Canadian, regardless of party or creed."

The present Government had taken office at a time when the country was faced with tremendous problems, and at the beginning of a record-breaking world depression. It had met those problems, "not in a haphazard, hit or miss way," but with a firm determination there was only one way to save the country from bankruptcy.

BALANCED TRADE
Mr. Bennett told of the adverse trade balance when he took office, with imports \$100,000,000 in excess of exports. Certain national insolvency faced Canada if those

PROBLEMS SET OF WIDE RANGE

Conservative Association Has Many to Tackle at Annual Meeting

VANCOUVER, Nov. 8 (CP).—The annual meeting of the British Columbia Conservative Association, to be held here on December 8 and 9, is attracting some attention from those who can spare time from the immediate political picture of Cabinet forming and an incoming Liberal administration.

The association did not take part in the election, and many of its members ran under various designations or supported a wide range of candidates.

The collapse of the Independent Non-Partisan movement and the defeat of the United Government of Premier S. F. Tolmie, who came into power as a Conservative leader, are two factors regarded as sure to have an important bearing on the deliberations and decisions of the annual meeting.

WITHHOLDING COMMENT
Conservative leaders here, today, preferred to make no comment until the meeting is actually held, but admitted the gathering would have a wide range of problems to discuss, and its decisions would have important bearings on the future of the Conservative party in the province.

Col. W. W. Foster, president of the association, resigned when he was nominated as an independent candidate in the Islands, but no action, has been taken on his resignation.

The meeting would ordinarily have been held in November, but the election date put it over into December.

U.S. RECOGNITION MEETINGS OPEN

Litvinoff and Roosevelt Make Progress in Discussions on Treaty With Soviet Government

WASHINGTON, Nov. 8 (AP).—Formalities brushed aside, President Roosevelt and Maxim Litvinoff drove straight toward the problem of Russian recognition today in a conference that lasted almost an hour.

Before and after his talks with President Roosevelt, the Commissioner of Foreign Affairs for the Soviet Government talked with Secretary Cordell Hull, at the State Department.

Aside from a formal meeting today, original plans had called for the first discussions between Mr. Roosevelt and Litvinoff to be held tomorrow. The fact no time was wasted as meaning there had been no halt in the steady march of developments toward Russian recognition.

Storm Causes Much Damage at Halifax

IN one of the worst storms that has lashed the Atlantic seaboard in some years, thousands of dollars damage was done recently. In and around Halifax the damage was severe, the terrific wind lashing the ocean into a fury and shattering roofs from buildings. The above layout shows scenes from storm area in Halifax. Upper left, a roof blown off Infectious Hospital, Rockhead, Halifax; below, one of many trees blown down, blocking traffic; upper right, the oil tanker Talarote, ashore in Bedford Basin.

Protection for Millions Afforded by New British Out-of-Work Insurance

Test of German Seaplane Base in Mid-Atlantic Is Successful

NATAL, Brazil, Nov. 8 (AP).—A German flying boat piloted by Rudolph von Klausbruch landed here at 2:55 p.m. today after a one-stop flight across the South Atlantic Ocean. Its landing was accomplished eight hours fifty minutes after it was catapulted from the German steamer Westphalen in mid-ocean.

The plane carried four other men in addition to the pilot. They were testing the proposed regular mail service between Europe and South America, which is to link the commerce of the two continents by air.

The plane reached the Westphalen yesterday after a six-hour flight from Bathurst, Africa, thus crossing the South Atlantic in less than fifteen hours' total flying time.

Hospitals Employ Heroic Measures To Hold Position

Dr. M. T. MacEachern, Associate Director American College of Surgeons, Tells British Columbia Hospitals Association How Institutions Meet Present-Day Economic Conditions

DESPITE the fact that endowments have depreciated, that donations and benefactions from various sources are more or less paralyzed, that subsidies have been cut in half or have completely disappeared, that earnings have greatly diminished, and free work enormously increased, hospitals have held their ground remarkably well by comparison with other business institutions representative of similar investment, maintained Dr. Malcolm T. MacEachern, associate director of the American College of Surgeons, in a masterly paper of far-reaching scope on hospital administration given at the luncheon meeting of the sixteenth annual convention of the British Columbia Hospitals' Association yesterday at the Jubilee Hospital.

"I think hospitals must be listed among the heroic institutions of this depression period," Dr. MacEachern stated, echoing the tributes of Dr. Glenn Frank given before the American Hospitals Association yesterday at the Jubilee Hospital.

The project was advanced by President Marsanich of the Commerce Corporation. Marsanich was the only one who advocated the absorption of the Chamber of Deputies. Il Duce made no comments.

The corporations of category would be corporations for each branch of industry, transportation, commerce and agriculture.

Great public interest attended the session because of reports that Premier Musolini would disclose plans for sweeping political alterations.

In an interview early last month Musolini said it was necessary to end the old ideas of liberal capitalism.

KILLED BY CAR WHEN SIGNALLING FOR LIFT
BOWMANVILLE, Ont., Nov. 8 (CP).—Knocked down by a car driven by John Landrie, of Bowmanville, Man., when signalling for a lift on the highway, Harris Shook, forty, of Toronto, was killed instantly.

OIL WELL DESTROYED
CALGARY, Nov. 8 (CP).—Pacifica Oil Company's well in South Turner Valley was destroyed by fire of unknown origin this afternoon. Damage was estimated at \$30,000.

CUBA IN STATE OF WAR WITH FIFTY DEAD IN DAY'S BATTLE

Wet or Dry, This Customs Officer Will Do His Duty

BELLINGHAM, Wash., Nov. 8 (AP).—The Eighteenth Amendment may be repealed, but hip-pocket liquor carriers from British Columbia will not be tolerated. That was the sentiment of customs officers, who said here, today, they had not received any orders to the contrary, and would continue to arrest any person bringing liquor into the United States from Canada.

SENTENCES ARE LIGHT

Japanese Terrorists Draw Terms of Imprisonment for Assassination

YOKOSUKA, Japan, Nov. 9 (AP).—The most sensational court martial in Japan's history was concluded today, with the sentences of ten men whose terrorist exploits on the night of May 15, 1932, ended in the assassination of Premier Suoyoshi Inukai.

The sentences were far lighter than the prosecutor demanded, lighter even than the public generally expected, although the trial had drawn expressions of public sentiment from all corners of Japan in sympathy with the defendants, represented by their defence as acting from patriotic motives.

TERMS IN PRISON
The six men participating in the slaying of Inukai must serve terms ranging from ten to fifteen years in prison. Four others, not direct participants in the assassination, were given suspended sentences, meaning that they will be free so long as their behavior is good.

Death penalties had been asked by the prosecutor for three of those on trial. They were Selshi Koga, alleged chief organizer of the terrorist conspiracy, Taku Mikami, commander of naval officers who entered the Premier's home, and Isamu Kurokawa, charged with having fired a gun at Inukai.

Koga and Mikami drew fifteen-year sentences, and Kurokawa was sentenced to thirteen years.

ALL CONFESED
Hiroshi Yamagishi, Yohei Makamura and Kakushi Murayama, all of whom confessed to being present at the assassination, and for whom life sentences had been asked, were sentenced to ten years.

Kijo Ito, Haruo Oba and Masayoshi Hayaishi were sentenced to two years, and Michio Tsukano, one year. These last four drew the suspended sentences.

The leniency of the court was expected to put a damper on the fervor and minimize the political effects of naval and military reactionary agitation which rallied to the support of the accused during the trial.

Boiler Explosion In School Fatal

FOREST, Miss., Nov. 8 (AP).—A terrific boiler explosion, which wrecked the interior of the Forest school today, took the life of one child and injured eight other persons, one probably fatally.

ROMA, Nov. 8 (AP).—A fundamental reshaping of the corporate structure of the Fascist state was undertaken at a National Council of Corporations meeting today over which Premier Musolini presided.

A proposal by which the council would absorb the Chamber of Deputies, thus acquiring legislative powers, and by which the Government would have a greater guild and less of a Parliamentary aspect will be one of the subjects under discussion during the remainder of the sessions, expected to last until Saturday.

U.S. Administration Making Plans for Control of Liquor

Increase in Taxes May Be Recommended to Congress—Import Tax Considered—Coast Guard Preparing for Activity Among Smugglers

WASHINGTON, Nov. 8 (AP).—Sighting the certainty of prohibition repeal in United States, officials today hurried the formulation of plans for dealing with national phases of liquor control after December 5 when the 18th amendment expires.

Moving promptly behind the approval given by the necessary thirty-six states to the 21st Amendment, which repeals prohibition, President Roosevelt called his aides to meet him on Friday to devise a programme which would include recommendations to Congress.

Whatever plans the Administration has formulated are being carefully guarded. A voluminous report on taxation, importation, and protection of dry states has been sent to the President by a committee set up weeks ago to work out a programme in anticipation of repeal.

There have been numerous demands that an effort be made to keep taxes and liquor prices as low as possible to prevent a return of bootlegging that too high costs

Terror and Bloodshed in Streets of Havana as Revolutionaries Engage in Bitter Struggle With Forces of Cuban Army—Well-Armed Rebels Hold Three Forts

Gunboats Badly Damaged After Sharp Engagement

HAVANA, Nov. 8 (AP).—A state of war existed throughout Cuba tonight, proclaimed by President Grau San Martin after a vicious army and civilian rebellion, twenty-four hours old, had killed an estimated fifty-two persons and wounded 183 others.

Cuban President Acts to Quell Rebellion

DR. RAMON GRAU SAN MARTIN, President of Cuba, last night proclaimed a state of war throughout the island to cope with a rebellion that flared up earlier in the day.

Will Name Leader of Opposition

VANCOUVER, Nov. 8 (CP).—The Co-operative Commonwealth Federation, which drew sixteen members to the British Columbia Legislature last Thursday, is preparing to accept the position of official Opposition, a C.C.F. spokesman announced tonight.

The party has the largest group opposed to the successful Liberals, with six seats yet to be decided in Victoria and Vancouver Centre.

No decision has yet been made by the C.C.F. as to its leadership in the province. W. A. Pritchard and Dr. Lyle Telford, the two men who were generally recognized as leaders during the campaign, were both defeated.

VANCOUVER'S HEART SHOWS ENLARGEMENT

VANCOUVER, Nov. 8 (CP).—The Vancouver Welfare Federation Campaign reported first day collections of \$40,265, slightly more than the amount received on the first day last year.

Objective of the "How Big Is Your Heart" appeal is \$338,000 for the maintenance of forty-one social service agencies.

U.S. Administration Making Plans for Control of Liquor

Increase in Taxes May Be Recommended to Congress—Import Tax Considered—Coast Guard Preparing for Activity Among Smugglers

WASHINGTON, Nov. 8 (AP).—Sighting the certainty of prohibition repeal in United States, officials today hurried the formulation of plans for dealing with national phases of liquor control after December 5 when the 18th amendment expires.

Moving promptly behind the approval given by the necessary thirty-six states to the 21st Amendment, which repeals prohibition, President Roosevelt called his aides to meet him on Friday to devise a programme which would include recommendations to Congress.

Whatever plans the Administration has formulated are being carefully guarded. A voluminous report on taxation, importation, and protection of dry states has been sent to the President by a committee set up weeks ago to work out a programme in anticipation of repeal.

There have been numerous demands that an effort be made to keep taxes and liquor prices as low as possible to prevent a return of bootlegging that too high costs

Tonight came reports from Matanzas, just east of Havana, that almost the whole of Matanzas Province had joined the uprising and that the A.B.C. Secret Society had captured the town of Bejucal.

PREPARING TO MARCH
Previous reports said the movement had spread to Santiago, and that former army and navy officers from the Isle of Pines Prison were prepared to march on the capital.

A lull in the day-long fierce fighting brought ghastly silence to Havana as night fell, but further clashes were regarded as inevitable.

REBELS HOLD FORTS
Rebel troops during the day took possession of three important fortresses, San Ambrosio, Bragones and Alares, placing in each nearly 1,000 well-armed dissidents.

A sharp battle with gunboats in Havana harbor ensued.

Official reserve shrouded the condition of the gunboats Cuba and Patria after engagement, but it was said in shipping circles the vessels were in bad shape. Gunboats at Alares fortress claimed they were both in near-sinking condition. Harbor police said they were "badly damaged."

TRUCE UNTIL DAWN
A Government spokesman said an informal truce had been declared, effective until dawn. Then, he said, attacks from both land and sea would be launched, unless the rebel strongholds surrendered.

SHOWS STEADY IMPROVEMENT

Condition of Sir Arthur Currie Continues to Point to Recovery

MONTREAL, Nov. 8 (CP).—Evidence of improvement was shown tonight in the condition of Sir Arthur Currie, principal and vice-chancellor of McGill University, an official bulletin issued at the Royal Victoria Hospital stated.

The brief bulletin, signed by four physicians, said:

SHOWS IMPROVEMENT
"Sir Arthur Currie has had a restful day, and his condition continues to show evidence of improvement." It was announced no further bulletin would be issued during the night unless Sir Arthur took a distinct turn for the worse.

Signatures to the bulletin were those of Dr. J. C. Mackenzie, Dr. Colin K. Russell, Dr. Charles F. Martin and Dr. Wilder G. Penfield, all of whom occupy distinguished positions on the faculty of medicine at McGill University.

ILLNESS IS EXPLAINED
Earlier in the day, it was reported Sir Arthur, commander-in-chief of the Canadian Corps in France, had suffered "a large abscess of a lymph vessel in the mid-brain, without involvement of any of the higher centres."

Hope was expressed by university officials that Sir Arthur's robust constitution would help him to withstand the effects of his illness, which caused his removal to the Ross Memorial Pavilion of the Royal Victoria Hospital, yesterday.

Since then, the war-time leader of Canada's forces has shown steady improvement. He is fifty-seven years of age.

KEEP SEAT WITH LESS MAJORITY

Conservative Elected in By-Election at Skipton—Labor Candidate Gains Ground

SKIPTON, Yorkshire, Nov. 8 (CP).—With a reduced vote, Conservatives retained the Skipton seat in the House of Commons, it was shown today when the result of yesterday's by-election was announced.

To fill the seat, vacant by the death in Johannesburg of E. R. Bird, Conservative member, the constituency elected G. W. Rickards, Conservative, in a four-cornered contest, in which the Communist candidate lost his deposit.

The result: G. W. Rickards, Conservative, 18,136; J. P. Davies, Labor, 14,157; R. C. Denby, Liberal, 9,219; J. Rushton, Communist, 704. This contrasted sharply with the more than 2 to 1 majority given Mr. Bird in the last general elections, when he received 28,513 votes to 12,052 for Mr. Davies, Liberal.

STATES YOUTH BEARING BRUNT

Harold Winch, Member-Elect for Vancouver East, Addresses Meetings

Youth has been sacrificed by the existing economic system in order to maintain the financial integrity of the country, Harold Winch, member-elect for Vancouver East, declared to a C.C.F. meeting, last night in Chamber of Commerce Auditorium. Later he spoke to 200

HOSPITALS EMPLOY HEROIC MEASURES TO HOLD POSITION

Continued from Page 1

"Hospitals must now convert this goodwill to economic advantage. They are not commercial enterprises, but economic necessities. Efficient care of the sick is their first concern. But they are also important as educational institutions, in advanced scientific medicine, and in clinical research for prevention of disease and promotion of health. The financial value of the hospital to the public is far beyond human estimation," it was argued.

A comparison was made between "business" and "hospitality" in the United States, one out of every twenty-two business organizations, one out of every six banks, had been slipping into the hands of receivers; only one out of every five hospitals had closed its doors, and most of these were small private institutions, operating on a profit basis, most of which would never have come into existence.

ECONOMIC NECESSITY
"Hospitals must now convert this goodwill to economic advantage. They are not commercial enterprises, but economic necessities. Efficient care of the sick is their first concern. But they are also important as educational institutions, in advanced scientific medicine, and in clinical research for prevention of disease and promotion of health. The financial value of the hospital to the public is far beyond human estimation," it was argued.

A comparison was made between "business" and "hospitality" in the United States, one out of every twenty-two business organizations, one out of every six banks, had been slipping into the hands of receivers; only one out of every five hospitals had closed its doors, and most of these were small private institutions, operating on a profit basis, most of which would never have come into existence.

CAREFUL ACCOUNTING
Dr. MacEachern proceeded to indicate some of the definite trends of the times in hospital administration, showing how these institutions were trying to meet present day economic conditions. These were outlined under different heads: "The first deal with some of the 'drastic economies' put into effect in an attempt to balance the budget; more economical handling and use of foodstuffs and supplies; reduction in salaries and wages; reduction in personnel; and readjustment of jobs or activities."

Hospitals were also choosing better-trained and more adequately experienced persons for administrators. In too many cases, hitherto, men and women wholly untrained and wholly lacking in experience had been given charge in hospital administration. The period of depression had shown that financial stability and efficiency in hospitals were directly proportional to the training and experience of the administrator.

FREE WORK
"The times" had forced voluntary institutions to seek the support of their governments for the care of their necessitous cases. As high as 18 or 20 per cent of the patients in some hospitals today was free. This threw the burden of the inadequate tax-supported institution upon the government, and the government, in turn, was forced to seek the support of the people for the care of their necessitous cases. As high as 18 or 20 per cent of the patients in some hospitals today was free. This threw the burden of the inadequate tax-supported institution upon the government, and the government, in turn, was forced to seek the support of the people for the care of their necessitous cases.

JAPANESE MARSHAL DEAD
TOKIO, Nov. 8 (AP).—Marshal Viscount Yuku Yuhara, staff officer of the Japanese Army in the Sino-Japanese hostilities, died tonight of heart disease at the age of seventy-seven.

REISTS WITH YOUTH
It is up to the youth of the country to come forward in the fight, Mr. Winch stated. The future belongs to them. "Youthful vim, enthusiasm and desire, coupled with experience, will get through the present trouble," Mr. Winch declared.

An urgent call for money to carry on the campaign was made by V. R. Midgley. A collection of \$83.17 was taken.

STATE SUPPORT
In touching on the matter of the financial support received by voluntary hospitals from municipal and provincial governments, Dr. MacEachern commented that too often in tax-supported hospitals there was political manipulation of appointments and interference with the administration, "to the detriment of the care of the patient." In the end, more institutions cost the taxpayer more and robbed the voluntary hospital of the volume of work required to absorb the overhead expense of administration.

In Chicago, last year, voluntary hospitals had given more free work without any subsidy from the city or county than the three tax-supported institutions of Chicago. One-third of the work and service of that city's voluntary hospitals in 1932 was dedicated to the care of the charity patients. The philanthropic income was vastly depreciated, re-emphasizing the need for the awakening of governmental bodies as to their responsibilities for the care of their necessitous poor.

FREE PATIENTS
Hospitalization of free patients in approved voluntary or community hospitals with competent, well-organized medical staffs was advocated, the cost of hospitalizing such patients to be shared by the taxpayer and philanthropist, without political influence or manipulation of any kind. Some communities had contracted with private hospitals for the care of T.B., mental and infectious cases.

Various plans of periodic payment for hospitalization being developed were explained. Better provision was being made for the patient of moderate means. Plans for group hospitalization were also outlined. Dr. MacEachern expressing the belief that under such a patient should not be restricted to any one hospital or any one physician. Hospitals were co-operating in the use of facilities and services, and some instances were consolidating, finding this less expensive than duplication of high-priced facilities and personnel.

CONVALESCENT CARE
Hospitals were more vigorously promoting convalescent care; they were organizing health inventories; they were meeting the requirements for approval by national organizations. In accordance with the last point, Dr. MacEachern noted that the A.C.S. had surveyed 3,555 hospitals in the United States and of Canada last year, 2,150 (61 per cent) of which were on the approved list. Of the last number, 176 were excellent Canadian institutions.

"In this connection, I should like to pay tribute to the relatively large number of hospitals in Canada approved by the hospital association of the Canadian Medical Association for training of internes," said the speaker.

HOSPITAL-MINDED
The public was becoming much more aware of its hospitals; in other words, much more "hospital-minded." Ten or eleven years ago the number of inquiries received in

CULBERTSON TEAM THIRD IN MATCH

Field Narrows Down in Play for Vanderbilt Contract Bridge Cup at New York

NEW YORK, Nov. 8 (AP).—Three New York contract bridge teams, one from Atlanta, Ga., and a fifth from Chicago, led the field tonight as the twenty-eight initial teams of four in the Vanderbilt Cup matches were narrowed to sixteen for the knockout matches, beginning tomorrow.

For the lead, with ten match points of a possible twelve, were the defending champions, P. Hal Simms, Harold S. Vanderbilt, Edward Hyman and W. K. von Zedlitz, and the formidable combination of Oswald Jacoby, David Burnstine, Howard Schenken and Michael T. Gottlieb.

Next, with nine match points, came Mr. and Mrs. Ely Culbertson, Theodore Lightner and Albert P. Morehead.

PRIME MINISTER IN FIGHTING ADDRESS LASHES OPPONENTS
Continued from Page 1

Figures were not balanced, and there had been but one way to accomplish that task—the tariff.

"It was obvious that at such a time we could not increase exports to catch up with imports, with world trade dropping to such an extent that it is now only one-third of the 1929 volume," the Prime Minister said.

The result of the tariff was that at the end of the first year of Conservative rule the figures were nearly balanced; by the end of the second there was a \$50,000,000 surplus of exports over imports, and by the end of the third year, last, the surplus of exports was \$120,000,000.

NOT BY ACCIDENT
"That is not by any means an accident," Mr. Bennett declared. "We did that by use of the tariff, the only instrument by which countries may peacefully protect their national economic interests."

Recalling the great obligations incurred by Canada "through reckless borrowing in times gone by," Mr. Bennett said the people were now faced with the necessity of paying, and paying in the terms of the creditor.

"It must be a source of great pride to every Canadian," he said, "that this young country has met every obligation in the terms of the contract at home and abroad."

Government had, through Act of Parliament, taken extraordinary power to deal with the emergencies by order in council, Mr. Bennett recalled.

PUBLIC PROTECTED
"And we never hesitated to accept that responsibility and exercise our power when financial institutions were threatened, with the result not a single bank closed its doors, not a single depositor failed to get his money when he asked for it, and not a single life insurance policy was unpaid."

"We are doing these things while about us, in other countries, great institutions were crumbling and financial houses closing doors," Mr. Bennett proceeded. "And while we were struggling with these problems, in Parliament an opposition was created, in the House of Commons, by prolonging the session, talking about such things as freedom and democracy, without offering a single constructive suggestion, there only object being to destroy."

WASTED MONEY
Mr. Bennett referred to the Imperial Conference of 1932 and the opposition the agreements met in the House of Commons. "In the stress and strain of the greatest depression of all time, they kept Parliament in session day in and day out, week after week, fighting a battle they knew they could never win."

"They say they will destroy those agreements," he said. "The only thing they will never have the chance. And if they did get the chance they wouldn't dare destroy them."

"It is true our opponents have been able to throw dust in the eyes of the people and prevent a real appreciation of the benefits of the agreements in the House of Commons. In the stress and strain of the greatest depression of all time, they kept Parliament in session day in and day out, week after week, fighting a battle they knew they could never win."

"They say they will destroy those agreements," he said. "The only thing they will never have the chance. And if they did get the chance they wouldn't dare destroy them."

"It is true our opponents have been able to throw dust in the eyes of the people and prevent a real appreciation of the benefits of the agreements in the House of Commons. "It is true our opponents have been able to throw dust in the eyes of the people and prevent a real appreciation of the benefits of the agreements in the House of Commons. In the stress and strain of the greatest depression of all time, they kept Parliament in session day in and day out, week after week, fighting a battle they knew they could never win."

"They say they will destroy those agreements," he said. "The only thing they will never have the chance. And if they did get the chance they wouldn't dare destroy them."

"It is true our opponents have been able to throw dust in the eyes of the people and prevent a real appreciation of the benefits of the agreements in the House of Commons. In the stress and strain of the greatest depression of all time, they kept Parliament in session day in and day out, week after week, fighting a battle they knew they could never win."

"They say they will destroy those agreements," he said. "The only thing they will never have the chance. And if they did get the chance they wouldn't dare destroy them."

EXAMS FOR NAVY ARE INADEQUATE

Character, Service and Self-Reliance Also Essential, Say Lords of Admiralty

LONDON (CP).—That education is not everything in accepting boys for the British navy has been emphasized by the Admiralty Fleet officers who point out that "mere passing of examinations is an inadequate criterion of a boy's worth to the navy."

The selection of boys for advancement, it is pointed out, should be governed by their suitability as regards "character, service, self-reliance, physical fitness and capacity to hold their own among the ship's company," in addition to the passing of the qualifying examination.

"Their Lordships" it is added, "have reason to believe that some commanding officers do not place a sufficiently direct interpretation on the conditions of the regulations in the matter. They therefore cease to emphasize that the mere passing of examinations is an inadequate criterion of a boy's worth to the navy."

Recalling the great obligations incurred by Canada "through reckless borrowing in times gone by," Mr. Bennett said the people were now faced with the necessity of paying, and paying in the terms of the creditor.

"It must be a source of great pride to every Canadian," he said, "that this young country has met every obligation in the terms of the contract at home and abroad."

Government had, through Act of Parliament, taken extraordinary power to deal with the emergencies by order in council, Mr. Bennett recalled.

PUBLIC PROTECTED
"And we never hesitated to accept that responsibility and exercise our power when financial institutions were threatened, with the result not a single bank closed its doors, not a single depositor failed to get his money when he asked for it, and not a single life insurance policy was unpaid."

"We are doing these things while about us, in other countries, great institutions were crumbling and financial houses closing doors," Mr. Bennett proceeded. "And while we were struggling with these problems, in Parliament an opposition was created, in the House of Commons, by prolonging the session, talking about such things as freedom and democracy, without offering a single constructive suggestion, there only object being to destroy."

WASTED MONEY
Mr. Bennett referred to the Imperial Conference of 1932 and the opposition the agreements met in the House of Commons. "In the stress and strain of the greatest depression of all time, they kept Parliament in session day in and day out, week after week, fighting a battle they knew they could never win."

"They say they will destroy those agreements," he said. "The only thing they will never have the chance. And if they did get the chance they wouldn't dare destroy them."

BAN WILL BE LIFTED
OTTAWA, Nov. 8 (CP).—Canada's ban on liquor shipments to United States was rocking on its heels today, its life numbered by the days intervening before Washington officially kills the prohibition law. When the repeal order becomes effective, Canada's export ban will be lifted automatically, and bulging liquor warehouses of the country will have a new market.

When the thirty-sixth American state voted yesterday for repeal, it sealed the fate of Canada's liquor ban, which had been in effect since the 18th Amendment is repealed.

PROTECTION FOR MILLIONS
Afforded by New British Out-of-Work Insurance
Continued from Page 1

In the Skipton, Yorkshire, by-election, where the Conservatives held power, the Conservatives were defeated by a greatly-reduced majority.

A HOPELESS CHANCE
Labor is in an overwhelming minority in the House of Commons and there is no chance of its getting a majority. The result of the Skipton by-election was cheering to the Labor ranks. The Conservative candidate was defeated with 18,336 votes out of a total of 42,216 for four candidates. In the general elections the Conservative had 28,013 out of 41,066, in a straight fight.

The result came a week after the Labor victory in traditionally Conservative East Fulham. In between, Kilmarlock has returned a National Labor candidate, Government supporter. The generally, Labor has scored gains in four out of twenty-two by-elections since the general elections.

ADDS TO SCOPE
The Government's vast new unemployment insurance bill, the most widely-embracing of all social schemes introduced at Westminster, adds 4,000,000 persons to those workless who are now in the scope of its provisions. Copies of the bill will be distributed tomorrow but the main discussion will be deferred to the new session opening on November 21.

At present there are somewhat more than 2,000,000 persons on the unemployed registers, a decrease of about half a million in the past twelve months. A questioner in the House today elicited the further cheering information that the unemployment insurance fund will show a surplus on account during the current fiscal year of more than \$5,250,000, which will meet Winter contingencies and allow of something towards the deficit of \$115,000,000 caused when the fund got out of hand and the dose was created.

IN TWO SECTIONS
The bill is in two sections. The first is that for unemployment insurance proper, in which the benefits payable are covered by contributions payable by the workers. The second is that dealing with unemployed receiving assistance not covered by the contributions.

The first section generally continues the existing law in regard to rates of benefit and contributions, but with provision for an extended benefit period in the case of those with good contribution records. The minimum age for entry into the scheme will also be lowered to the school-leaving age, with benefits payable from the age of sixteen, and wide extension in instruction courses are provided. The fact that the fund is now operating with a credit balance instead of running

RELIEF TOTALS SHOW DECLINE

Roughly One-Third of March Registrations Are Now Off Relief

September totals for persons directly or indirectly on relief in British Columbia show a decline from the figures of the month previous, and were 44,508 less than enrollment at the peak of the year, in March last, it is revealed in figures released yesterday by the Department of Labor.

Including heads of families and their dependents, single men, transients and men in camps, a total of 88,330 persons were on relief in September, compared with 132,838 under all heads last Spring.

NUMBERS REDUCED
September registration showed 18,403 heads of families on relief in the province, responsible for 52,671 dependents. There were 13,487 single men enrolled, and 3,709 in camps, under the Department of National Defence. Some 379 heads of families, and 4,234 single men have been taken off the rolls since August, when there were 18,732 heads of families and 17,711 single men enrolled on relief.

Registered as in municipalities in September were 11,320 heads of families, with 31,550 dependents; 1,134 transient families, with 2,774 dependents; 5,360 single men, and 947 single women. In provincial areas, for the same month were 5,902 heads of families, with 18,221 dependents, of 47 transient families, with 146 dependents.

Committee Calls Special Meeting On Water Rates

NEARLY a hundred delegates from various bodies are expected to attend the special meeting of the public works committee of the City Council, to be held at 2:30 o'clock, Friday afternoon, to discuss the new water rates by-law, which changes the basis of meter charges.

Among the organizations that will be represented are the Victoria Branch of the Canadian Manufacturers' Association, the Victoria Cottage Gardeners' Association, representatives of laundries, apartment house owners and landlords.

pendents; 4,292 single men; 95 single women; 1,123 single men in camps, and 1,669 single men in hostels.

Winnipeg Pioneer Called by Death

Word was received here yesterday from Winnipeg of the death of Andrew Grieve, pioneer resident of that city, and a brother of Mrs. R. Dickson, of Victoria.

Mr. Grieve was seventy-five years of age, and was held in high regard by a wide circle of friends. He was particularly active in musical circles, being the organizer and leader of several musical organizations. He was organist at St. Giles' Church, and took a keen interest in orchestral work. He also was prominently identified with the Masonic Lodge.

SCHOOL COSTS SHOW DECLINE

Finance Committee Report Reveals Expenditures Within Estimates

Expenditures for educational maintenance are still below last year's figure. Trustee J. L. Beckwith, chairman of the finance committee, reported at last night's meeting of the city school board.

Expenditures to date amount to \$378,619 as against \$409,634 for the corresponding period of 1932. Estimated expenditures for the year amount to \$471,700.

Out of a total enrollment of 5,559 students in the Victoria schools, there was an average daily attendance last month of 5,291.54, the report showed.

The school doctor's report revealed that rubella and scarlet fever was still prevalent among school children. Twenty-five cases of rubella and five cases of scarlet fever were reported last month.

Trustee W. C. Moresby, K.C., chairman of the building and grounds committee, reported that the heating system at the Victoria College needed renovating. Cost is estimated at \$350, but an inspection by an engineer will be made before any decision is made with regard to the improvement.

PROPERTIES ARE BEING REDEEMED

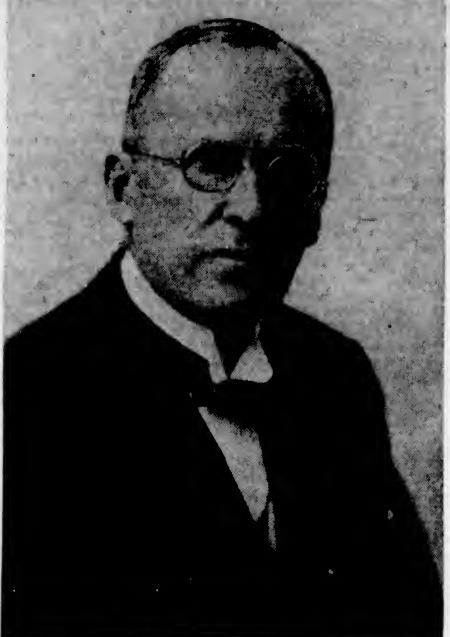

Two Hundred Parcels Are Withdrawn From Tax Sale—City Disposes of Thirteen

Nearly 200 properties have been redeemed and thirteen properties sold at the city's annual tax sale, Edwin C. Smith, treasurer, announced yesterday. Every piece of property so far put up for sale has been sold. Sale has not taken place until every opportunity has been afforded the owner to redeem the property before it has been put up for auction.

The original tax sale list contained approximately 700 parcels of land. This has been reduced to 500 through last minute redemptions.

The remainder can still be redeemed either by paying the tax arrears in full, or by paying one year's taxes. In the case of properties sold, Mr. Smith explained that the owner could still redeem it within a year by paying the tax arrears. If the arrears were not paid, then the person who bid on the property would become the owner.

Resident Victoria Judge

MR. JUSTICE HAROLD B. ROBERTSON

Of Supreme Court of British Columbia, who has resumed his residence in the Capital City of the province upon his appointment to the Bench. His Lordship will live here as the resident member of the court.

Mr. Justice Robertson practised his profession in Victoria for many years, attaining a very high standing as a member of the Bar. A few years ago he decided to take up his residence in Vancouver, where he made his home up to the time of his elevation to the Bench. In his capacity as a Justice of the Supreme Court, he becomes resident judge for Victoria, so that when not on circuit duty at the Assize sittings, His Lordship will be available for court duties in the Capital.

Very popular among members of the legal profession as well as among a wide circle of other citizens to whom he is known, the newly-appointed member of the court is being heartily welcomed back to Victoria. He has been an assiduous worker in his career at the Bar, and this quality, together with his wide experience and even disposition, it is felt, will insure his unbounded success on the Bench.

result, you probably have fewer friends, but those you have are more substantial and enduring. You like to be in a position to do for your friends, but you do not like to have them do for you. You must learn to accept in a grateful and gracious manner, giving implies having someone to give to, and you must learn to play either part in the highest and most perfect way.

Little Tommy came to school one morning with his hair all disheveled and ragged. "How is it you have not combed your hair, Tommy?" asked the teacher. "Got no comb," responded the boy. "Couldn't you borrow your father's?" "He's got no hair," said Tommy.

EVANGELIST PAYS VISIT TO VICTORIA

Mrs. Alice Wilson Parham, Aide to Almer Semple McPherson, Was Local Girl

Mrs. Alice Wilson Parham, former Victoria and now pastor of Glendale Church, near Los Angeles, was a visitor in the city yesterday after an absence of ten years.

As secretary and later as assistant to the famous Almer Semple McPherson, Mrs. Parham went on a speaking tour not long ago, which took her from one coast to the other.

Mrs. Parham's father was an officer in the Royal Canadian Navy at Esquimalt before the war. She was born in 1874 for Jay, but was brought up in Victoria, where she was a member of the First Presbyterian Church, under Rev. Dr. John G. Inkster, from whom she received her first religious training and inspiration for public speaking.

What Today Means

"SCORPIO"

If November 9 is your birthday, the best hours for you on this date are from 7:15 to 8:30 a.m., from 10:45 to 11:55 a.m., and from 5 to 6 p.m. The danger periods are from 12:30 to 1:30 p.m., from 3 to 4:30 p.m., and from 8:30 to 9 p.m.

It is possible that you have been forced to follow a course of action for a period of time that you have rebelled against. If this be the case, you will probably become reconciled to the situation on this date, and see it in the right light. Something that has been troubling you is almost certain to clear up.

The child born on this November 9 will have little to say, but when it speaks, it should be given proper hearing. A proud little one, who will think well of himself and family. A child who will strive hard for victory, will have to have to hoist down its colors, but will be graceful in defeat; a thorough sport.

If November 9 is the date of your birth, you are probably a person who will give a hearing to anyone who seems to have anything to say, who will listen courteously, and then go off and do just as he pleases. You enjoy talking to people and frequently seeds are sown in your consciousness that take root and blossom forth beautifully later on. You do not have a very high opinion of the average man, but you give every man an even break and you are also to condemn. People do not easily get on your nerves. When they do, however, you get very irritable and do not hesitate to show your feelings. At times you give way to a fiery temper that is slow to cool down; on such occasions, those who know you wisely give you plenty of clearance.

But on November 9, you will more than likely make a success of your life. Success to you means more than merely the acquisition of wealth and power. It means the proper blending and balancing of things spiritual and material. You like to see, in determining how successful a person is, what that individual has in a material way and what his thought processes are. You are more careful than most people in the choice of your friends; as a

FILES POULTRY FARM PETITION

Twenty-One Residents Declare They Have No Objection to Business

Twenty-one residents in the vicinity of the Seaview Poultry Farm have petitioned the City Council that they have no objection to the poultry business being operated there.

The Seaview Poultry Farm has been before the council several times in connection with complaints made that approximately 500 hens were kept on the premises, and that this was too many for inside the city limits.

A by-law to abate the poultry nuisance in the city was ordered by the council, the by-law to be drafted so that it will come into effect on June 1, 1934. The petition filed with the city clerk yesterday may have a bearing on the council's action in connection with this by-law.

ARMISTICE BALL ACT IS MYSTERY

Surprise Promised in Intermission Period—Relics Draw Many Sightseers

Mystery surrounds the surprise which is to be sprung during the intermission at the Armistice ball of the Amputations' Association at the Empress Hotel on Friday night, and although officials in charge of arrangements for the ball admit that it is something distinctly out of the ordinary, they steadfastly refuse to disclose its exact nature.

As the day approaches, the display of mementoes and war relics in the windows at 608 Fort Street are drawing more and more curious passersby. Owing to the interest being taken in the exhibit, Daniel Hull, who is in charge of the store, is able to change the display frequently, as he has many offers of relics and curios from returned men residing in the city.

KIT SAVES LIFE

Lieut.-Col. Ross Napier, who is well known in this city, has loaned to the Amputations' Association his mess kit, which literally saved his life. The mess kit, punctured by shrapnel, bears mute testimony to the occurrence. This, and countless other interesting exhibits of the great conflict, will repay a visit to 608 Fort Street, where tickets are available for the ball.

The entire executive of the Amputations' Association, consisting of A. Palmer, president; C. O. Ockenden, first vice-president; B. Walls, second vice-president; Jack Davey, secretary, and A. Sutcliffe, A. N. Horne, E. Tucker, L. F. Daulton, and G. Ockwell, are sparing no effort to make the ball an outstanding success, and to this end

UP LATE LAST NIGHT?

how's your breath today

Don't risk offending others . . . Listerine hides those telltale odors . . . Makes breath agreeable

A long evening of bridge . . . the smoke-filled air . . . the little after-midnight "snack" . . . the penalty on the morning after, nine times out of ten, is a breath that is likely to offend.

For your own satisfaction and in consideration of others you may meet during the day, rinse the mouth with Listerine upon arising.

Instantly Listerine removes those unpleasant telltale odors; leaves your mouth clean and fresh, and your breath sweet, wholesome, and agreeable. No

LISTERINE
ENDS HALITOSIS

body can accuse you of halitosis (unpleasant breath). Numerous tests show that Listerine immediately conceals odors that ordinary antiseptics cannot hide in 12 hours.

Moral: When you want to be sure that your breath is beyond reproach, use Listerine, and Listerine only. Keep a bottle handy in home and office. Tuck Listerine in your bag when you travel. It is your protection against bad breath as well as a safeguard to your health. Lambert Pharmacal Co., Toronto, Ont.

Hospital Financing Serious Problem of All B.C. Localities

Restoration of Government Grant Is Leading
Issue at Afternoon and Morning Sessions
of Hospitals Association Held Here

AMPLIFYING various angles of the question touched upon by President J. M. Coady in his annual address to the British Columbia Hospitals' Association yesterday morning, the afternoon session of the organization at the Empress Hotel was chiefly devoted to the question of hospital finance. Charles McHardie, of Nelson, was directly responsible for the introduction of the question, by a resolution "that this convention now consider the question of hospital finance in its various phases," the said "various phases" including "restoration of Government grant," appeal for Government "sanctioning of sweepstakes," state health insurance, and various voluntary hospital insurance schemes. Eventually all these suggestions were, on motion of Mr. McHardie, placed in the hands of the resolutions committee.

MOST RELIABLE

J. H. McVety maintained that Government grant was the best and most reliable system of hospital financing. Hon. S. L. Howe, Provincial Secretary, had not reduced the grant without reason. He, like Dr. J. D. Maclean, the late Hon. William Sloan, Dr. H. E. Young and others in past Governments, had shown a sympathetic attitude toward hospitals.

Mr. McVety was hopeful that the new Government would restore the Government grant. He did not think they would want to take over the hospitals.

INSURANCE

E. W. Neel, Duncan, thought one of the possible solutions of hospital financing was health insurance. The latter was not practicable at the present time, except with people on a payroll.

No Government at present time would keep any person out of hospital benefits if such person would be effective in the big communities where hospitals seldom had empty beds. Dr. G. Harvey Agnew told of the results of an experiment tried among teachers in Texas some years ago along this line. During the school months the hospitals found it quite satisfactory, but in the holidays, the teachers (who paid \$25 annually to the scheme), crowded into the hospitals to have ailments attended to.

IN ALBERTA

Mrs. Watt (Kelowna) reported having watched the experiment at High River, Alberta, where it was very successful. Dr. Haywood maintained that periodic payments would not stabilize hospital finance. Personally he was convinced that ultimately there would be a direct tax, something along the lines of the Jones' 1 per cent tax.

Others contributing to the discussion were Sister John Gabriel, of Vancouver, and W. H. Beckwith, representing the West Coast General Hospital, Alberni.

PRESIDENT'S REPORT

The matter of hospital finance occupied a leading place in the annual report of the president, J. M. Coady. It had, he said, been a very trying year in the financing of hospitals, supplemented by the reduction by \$225,000 in the Government hospital grant. The Hospitals Association had laid the case of the hospitals before the Provincial Legislature last March, and received a sympathetic and courteous hearing, but had been told that owing to lack of money the Government would be unable to continue to pay the grant. All hospitals in the association had been asked to take up the matter with their respective boards and the provincial representatives. The financial situation had not been relieved, but the agitation had resulted in advertising among the members of the Legislature the financial difficulties of the hospitals and the seriousness of the situation.

Mayor Leeming welcomed the delegates to the city. Rev. Dr. W. G. Wilson gave the invocation at the opening exercises.

Nanaimo Pioneer Having Birthday

NANAIMO, Nov. 9.—Mrs. L. A. Rogers, well-known resident of Nanaimo for the past seventy years, is today celebrating her seventy-third birthday.

Associated with the building of this city, Mrs. Rogers has a grown-up family, well known in public activities in Nanaimo and district. Mrs. Rogers' father, the late Alderman John Hirst, was Nanaimo's first banker. She can remember his having stacks of bills piled on the kitchen table for safe keeping. He also had most of the business property bonded in the early days and built the Hirst wharf. He also started the first grocery store in Nanaimo, in which Mrs. Rogers worked, and where all the bread consumed in town was made. Much valuable city property is at present owned by heirs of her father's estate.

A family reunion will take place today at her Selby Street home. Mrs. Rogers has always assisted with the promotion of religious activities in Nanaimo. She helped to establish the Wallace Street Methodist Church, now the First United Church, which her family attends.

Her children are Mrs. Fred Busby, wife of ex-Mayor Busby; Mrs. Arthur Hitchen, Mrs. C. McRoberts, and Miss Nelly Rogers, members of the teaching staff of the public schools; Mrs. Duncan McDonald, Portland; Mr. W. Rogers, Victoria; Mrs. E. W. Bishop, Vancouver; and Mr. J. Rogers, Nanaimo.

When it comes to making money, we've got to hand it to our women folk.—American Magazine. Life is like that

Board Will Seek Return of Grants By Government

SAANICH School Board will approach the new Liberal Government, immediately it takes office, to restore grants cut off by the Tolmie Administration, amounting to approximately \$18,000. Trustee Walter P. Jeune suggested this step, and received unanimous support of the board at last night's meeting.

A letter of appreciation for his fine work and earnest consideration of Saanich problems, during his tenure of office, will be sent to Hon. John A. Macdonald, retiring Minister of Education, by the municipal board.

Thomas A. Noyes Passes Suddenly

VANCOUVER, Nov. 8 (CP).—On his way to England with his wife, Thomas A. Noyes, fifty-six, of Victoria, collapsed on arrival of the boat here last night, and was dead on arrival at hospital, where he was rushed in a taxi.

Mrs. Noyes explained to authorities that she and her husband had intended to sail from Vancouver on the Knut Nelson.

Mrs. Noyes had lived in Victoria for the past two years, coming here with Mrs. Noyes from the Interior of the province. They first made their residence at October Mansions, and in August of this year moved to 926 Monterey Avenue. They were bound for England where they intended to spend the winter. Mrs. Noyes canceled the passage, and will remain in Vancouver with relatives.

Mr. Noyes was a war pensioner. While serving overseas, he was badly crippled.

RETURNS FROM GENEVA

QUEBEC, Nov. 8 (CP).—Returning from Quebec, where he was Canadian delegate to the League of Nations Assembly, and representative at the Disarmament Conference, Hon. R. J. Manion, Dominion Minister of Railways and Canals, landed today from the liner Empress of Britain.

GRANBY FARRANT IS BURIED HERE

The funeral of Granby Farrant, superintendent of the Provincial Mental Home, Wilkeson Road, who passed away suddenly at St. Joseph's Hospital on November 6, took place yesterday afternoon at 2:30 o'clock. There was an unusually large gathering of sympathizing friends present at the impressive service, conducted by Rev. F. Comley and Rev. Canon F. A. P. Chadwick.

The beautiful and numerous floral designs betokened the high esteem of respect in which the late Mr. Farrant was held. The hymn sung was "Abide With Me," and Mrs. S. Morton rendered the solo, "Crossing the Bar."

Dr. H. E. Young represented the Provincial Health Department and F. H. Hurley the Provincial Secretary's department at the funeral. There was a representation of the Saanich and city police at the service.

The following acted as pallbearers: W. Robertson, F. Briers, Sidney Bay, J. Jones, J. Maclean, T. Baker, A. Loat and J. Greenwood. Interment was made at the Royal Oak Burial Park.

MAYOR IS GIVEN LARGE MAJORITY

D. K. Knott Re-elected in Edmonton—Largest Vote in City's History Recorded

EDMONTON, Nov. 9 (CP).—Re-elected tonight by a majority of 8,000 votes, Daniel Kennedy Knott, Labor, returns for his third term in the Edmonton mayoralty. The vote was the largest in the city's history.

NIAGARA LATE GETTING AWAY

Liner Waited for British
Mails—Dorothy Alexander
Coming—Maquinna In

Delayed in leaving Vancouver, the Canadian-Australasian steamship Niagara did not reach Victoria yesterday afternoon, until 5 o'clock. The liner lost no time getting passengers awaiting her arrival here aboard, and she sailed for Honolulu at 5:30 o'clock. The Niagara had a total of 115 travelers in all classes and a fair cargo, including a shipment of Okanagan apples for Australia. The liner was held over at Vancouver until the arrival of a train from the East with British mails.

Among the more prominent travelers aboard the Niagara were Mr. and Mrs. W. G. McBeath, the former being managing director of Makover, McBeath & Company, Melbourne, returning home; C. H. Brooks, of the Chicago Flexible Shaft Company, en route to Australia on business; Mrs. A. S. Munroe and Mrs. E. J. Enmons, well-known residents of Vancouver, who will visit indefinitely in New Zealand and Australia; Major and Mrs. C. S. Goldman, residents of Nicola Valley; and Mr. and Mrs. A. C. Blyth, who were married at Vancouver yesterday morning, and who are making a honeymoon trip to New Zealand.

SAILED SOUTH

Sailing for California ports, the Pacific Steamship Lines Ss. Emma Alexander left Rithet Piers at midnight yesterday, with a fair passenger list. The liner arrived from Seattle at 10 o'clock and embarked island and mainland passengers going South and loaded some cargo, including a shipment of silk which will go to New York from San Francisco aboard one of the Dollar liners.

Among the passengers embarking here were A. Hoffman, Fred J. Patton, Mr. and Mrs. Harry Richmond, and Mrs. L. S. Pilon.

From California ports the Pacific Steamship Lines Ss. Dorothy Alexander is due alongside Rithet Piers at 10 o'clock tonight, with passengers and cargo for the port. The ship will remain here until midnight, when she will continue to Seattle.

Loading lumber for the United Kingdom, the freighter Everleigh is now at Ogden Point Piers. The ship will take on 80,000 feet of lumber here, and should be ready to get away some time this afternoon, for Port Alberni, where she will complete.

Women's Organizations and Activities

Housewives to Compete In Baking Competition

This afternoon the cakes entered in the contest to be held in connection with the Hudson's Bay Company will be judged. Miss Allen demonstrated how to make the contest cake yesterday afternoon and it is expected that there will be keen competition.

In addition to prizes for the cake which may be submitted with any frosting of the maker's choosing, there will be prizes for chocolate fudge frosting.

CONTEST CAKE

The recipe for the chocolate fudge cake for the contest is as follows: Half a cup of butter, one cup of sugar, two eggs, three squares of Baker's chocolate (unsweetened and melted), two cups of Swans Down cake flour, two level teaspoons of baking powder, half a teaspoon of soda, a quarter of a teaspoon of salt, one teaspoon of vanilla in which the salt, baking powder and soda have been sifted; add alternately with the milk, and lastly the whites of the eggs should be folded in. Bake for forty-five minutes in a moderate oven (between 300 and 350 degrees).

The recipe for chocolate fudge frosting is as follows: Two squares of unsweetened chocolate (Baker's),

two-thirds of a cup of milk. Melt the chocolate and heat the milk. Add two cups of white sugar, two tablespoons of white corn syrup and boil until it forms a soft ball in cold water or with a candy thermometer until it reaches 232 degrees. Remove from the fire and add two tablespoons of butter, one teaspoon of vanilla and allow to cool to 110 degrees. Beat until it is of the right consistency to spread on the cake.

SPECIAL MENUS

In addition to the cake recipe, Miss Allen prepared a buffet supper menu which was most interesting, and included sea dream salad ring, filled with chicken salad, brown bread and butter, olives, gherkins and chocolate angel food, followed by coffee.

The "company luncheon" included sea food cocktail, tomato bisque, chicken soufflé, rolls, lettuce with Roquefort dressing, Savory pudding and coffee.

The "vegetable luncheon" menu included stuffed eggplant, hot biscuits, hot gingerbread and whipped cream.

This afternoon an "economy dinner for four" and afternoon tea suggestions will be given.

You look worried. What's the matter?

Grand Old Lady Reaches Hundredth Milestone

Mrs. Peter H. Lenoir, of Nova Scotia, Sister of the Late Hon. Amor de Cosmos, Celebrating Her Birthday

Today, November 9, marks the centennial milestone of Canada's grand old lady, Mrs. Peter Hudson Lenoir, whose baby eyes first beheld the light of day in Nova Scotia's historic old town of Windsor, on the ninth day of November, 1833.

An occasion this, of more or less personal interest to Victorians, who ever revere the memory of her illustrious brother, the honorable Premier William Alexander Smith, more familiarly known to his countrymen as Amor de Cosmos. He it was who, in common with others of our earliest legislators, made history for British Columbia in general, and Vancouver Island in particular, both prior to and following Canadian Confederation. Incidentally, he might well be termed the father of the British press in this then remote corner of the Empire, as it is to him that we owe the birth on December 11, 1853, of The British Colonist, whose

as she appeared in "the days of long ago."

Among her nearest and dearest today are several nieces and a nephew, two of the former being resident in Victoria, namely Mrs. A. L. Ronald, who resides at 1190 Hilde Street, and Mrs. John Harvey, at 714 Cook Street. Her nephew, Mr. Robert Smith, who is a son of the late Charles McK. Smith, lives in the neighboring district of Sooke.

Nova Scotia nieces include Mrs. E. Rumney, Mrs. G. Stagner and Miss Laura Hunter, of Halifax, and Mrs. Arthur Roberts, of Bridgewater, N.S.

Grand-nieces and grand-nephews also figure in the centennial anniversary of this remarkably "youthful old lady" of Canada, to whom nation-wide greetings are extended and warmest felicitations on this the 100th recurrence of her birthday. Not the least tender of these emanate from Victoria, the capital

MRS. PETER H. LENOIR

three-quarter-century jubilee is soon to be celebrated within our city. All told, there were ten children who graced the Smith family, five boys and five girls, of whom Frances Sophia, the subject of our felicitations, is the sole survivor—as mentally alert as when she came to Victoria on a visit to their brother, the late Charles McKiever Smith, after an absence of fifty-two years from his old Hallowell home. Her physical perfection is a tribute to the chaste environment that dominated her day, and testifies in no small measure to the stamina of her forebears, among whom, dating back to the old Stuart regime, was, as Mrs. Lenoir relates, the renowned Captain Smith, who, contrary to the Tower guard the night before the execution of King Charles I, January 30, 1649.

OLD MEMORIES

Our grand old lady recalls, as clearly as if it were yesterday, how as a child of seven she saw four members of the crew of the Saladin hanged; how one was imprisoned for life; how still another refused a pardon for having turned Queen's evidence and became an inmate of the Nova Scotia Penitentiary when that institution was removed to Dorchester.

A truly remarkable woman in every sense of the word, Mrs. Lenoir still keeps abreast of the times, and despite life's customary quota of sorrows, among which in latter years was the death of her only son, a Melan Unkane Lenoir, preserves the same happy outlook—the same delectable something—that makes her ever a welcome member of the social throng, only a ghost of that which distinguished the old gubernatorial regime, among whose guests were none lovelier nor more bewitching than Lady Wentworth's pretty daughter, Frances Sophia (Amor de Cosmos) annual visits to his old home in Halifax after an absence of sixteen years. These occurred during his parliamentary duties at Ottawa, and are the source of some treasured memory that contributes in no mean measure towards her present interest in matters political, and link her thoughts in quiet moments with scenes of laudable enterprise connected with his career in what was then hailed as the "wild and woolly West!"

"DEAR AUNT FANNY"

Feminine fashions have altered very materially during the last century, but it is a moot question whether any of our modern matrons, cosmetics notwithstanding, could eclipse in loveliness that which is portrayed in the accompanying reproduction of "Dear Aunt Fanny" (adv.)

city of British Columbia, whose centennial anniversary for all time include those associated with the names of her two brothers, who were resident here for so many years, to wit: The Honorable Amor de Cosmos and Mr. Charles McKiever Smith.

AFTER MANY YEARS!

(In commemoration of the centennial anniversary of Mrs. Peter Hudson Lenoir, these lines are republished, as originally composed by her husband.)

There's not a word thy lip hath breathed,
A look thine eye hath given,
That is not shined within my heart.
Like to a dream of Heaven.

There's not a spot where we have met,
A favorite flower, or tree,
That is not a scene by thee beloved.
That is not prized by thee beloved.
—P. H. L., Halifax, N.S.

WOMEN'S INSTITUTES

VICTORIA

The first of a series of classes in handcraft was held by the Victoria Women's Institute, on Tuesday afternoon. Instructions in leather work, fine needlework, pottery, basketry, raffia weaving, glove making, etc., proved extremely popular. Refreshments were served, and a pleasant and profitable afternoon was enjoyed. A court winter party will be held in the rooms, 594 Yates Street, at 8 p.m. on Thursday, November 16.

BEAVER CLUB DANCE

The first of the Winter series of dances was held by the staff of the Hudson's Bay Company Beaver Club on Tuesday evening at the Shrine Hall, when over 300 employees and their friends danced to the music of a five-piece orchestra. A buffet-arranged supper was served. These dances will continue throughout the Winter on the first Tuesday of each month.

"England is not worn out," declares a politician. This is surprising considering the hordes of savage golfers all over the country.

Most Coughs Demand Creomulsion

Don't let them get a strange hold. Fight germs quickly. Creomulsion combats the 7 best helps known to modern science. Powerful but harmless. Pleasant to take. No narcotics. Your own doctor is authorized to refund your money on the spot if your cough or cold is not relieved by Creomulsion.

Clubs-Societies

Victoria West W.M.S.

Mrs. Caley and Mrs. Watson were hostesses at the monthly meeting of the Women's Missionary Society, held on Tuesday afternoon in the parlour of Victoria West United Church. With Mrs. Young presiding, the devotional period was conducted by Mrs. Perry, consisting of singing of hymns, prayer by members and a kindly message of inspiration on "Christian Stewardship and Systematic Giving," with the closing quartette "Blessed Quietness" by Mrs. Lewis, Mrs. Willey, Mrs. Mitchell and Mrs. Young. Mrs. Guy reported on the collection for life membership, a certificate for completion of details of which was appointed. Mrs. Guy told of the generous response to appeal for supplies, these goods having been forwarded to needy ones in the interior of British Columbia. Mrs. Wright conducted a completion of study book, "His Dominion of Canada." A communication was read, informing the members of the progress of the year 1934 is entitled, "Living Issues in China." Miss M. Beattie read a paper on "The Women of the World," and Mrs. Wright was appointed treasurer pro tem. A hymn and the Mizpah benediction closed the meeting, which was followed by tea and social greetings.

Women of the Moose

Mrs. Olive Randy, 3320 Oak Street, was hostess to a large number of members and friends of the Women of the Moose, Victoria Chapter No. 25, on Tuesday evening at a successful 500 card party. Other amusements were in progress for those who did not play cards. The rooms were tastefully brightened by chrysanthemums, a bouquet of carnations adorning the table from which a buffet supper was served by the hostess, with Mrs. Rose Isaacson, Mrs. Mary Pearce and Mrs. Cassie Spouse assisting. Those present were Mr. and Mrs. E. Carter, Mr. and Mrs. W. Morry, Mr. and Mrs. J. Pearce, Mesdames H. Allan, O. Randy, R. Isaacson, E. Brown, E. Humble, J. Maynard, J. Lund, M. Morry, J. Ostler, E. Panting, Margaret Robertson, H. Parker, C. Spouse, H. Hopkin, Mrs. Savadent, P. Campbell, E. Blunden, B. L. Parker, Misses E. Carrat, Pearce, D. Guelpo, Mesdames Fawcett, Randy, J. Saberton, T. W. Spouse, J. Johnson, H. Duffield and Mrs. J. H. Duffield. The winners were: First, Mrs. J. Ostler and Mrs. E. Humble; second, Mrs. C. Spouse and Mrs. M. Morry; third, Mrs. H. Parker and Mrs. Margaret Robertson. Winner of games was Mrs. B. L. Parker.

Fairfield Bazaar

The sale of work held in the Fairfield United Church, Tuesday afternoon and evening, by the Women's Association, was a gratifying success. Mrs. George Piercy welcomed the gathering, and Mrs. E. A. Henry, in a gracious manner, opened the affair. A large spirit of co-operation among the different organizations of the church, was in evidence, special mention being made of the choir, the men's club and the C.G.I.T. The schoolroom was tastefully decorated for the occasion, afternoon tea being served in a miniature garden enclosure, while the stalls were decorated in green and white, and the platform gay with flags and bunting. From 6 to 7 p.m. a lunch counter supper was served in the social room, and was well patronized. Later in the evening, several miscellaneous articles were sold by auction. Mesdames Charlton and Schroeder acting as auctioneers. This was followed by an informal programme of music and games under the direction of the choir, again emphasizing the tradition of the Fairfield United Church for friendliness and sociability.

Liberal Women's Forum

The monthly meeting of the Liberal Women's Forum, on Friday afternoon at 2:30 o'clock, the speakers will be A. D. MacFarlane, K.C., who will tell about the Liberal school system, and Mrs. H. C. Baxsmith and Mrs. V. Weston, and Miss Catherine Craig will give a recitation.

Maple Leaf Court

The Maple Leaf Court, Maple Leaf, A.O.F., will hold their sewing circle on Thursday evening at the home of Mrs. Fenerty, 1784 Denman Street. All foresters and friends will be welcomed.

St. Mark's W.A.

St. Mark's W.A. will hold a poppy tea tomorrow in the hall, Tennyson Avenue, at 2:30 o'clock. The conveners are Mrs. H. C. Baxsmith and Mrs. W. Bridges.

Women's Conservative Association

The Women's Conservative Association will meet this evening at 8 o'clock in the rooms, Campbell Building.

Shawnigan Lake

A most successful telephone card party was held recently by the veterans of the surrounding district. Those who entertained on this occasion were Mr. and Mrs. J. C. Rathbone, Mr. and Mrs. George Orr, Mr. and Mrs. J. Bell, Colonel and Mrs. F. J. Oldham, Mr. and Mrs. A. M. Furlong, Commander and Mrs. P. A. O. Leask, Mr. and Mrs. H. O. Granger, Mr. and Mrs. E. W. Bonford, Mr. and Mrs. F. Wilkinson, Mr. and Mrs. Stewart. The purpose of this party was to raise funds to clear the deficit on a dance held sometime ago, and to assist funds for the annual veterans' reunion and banquet. Winners at cards were: Contract, first lady, Mrs. J. C. Rathbone; second lady, Mrs. P. Furlong; first gentleman, Mr. Collier; second gentleman, Colonel P. T. Oldham; auction bridge, first lady, Mrs. J. Mitchell; second lady, Mrs. Allan; first gentleman, Mr. Allan; second gentleman, Mr. H. M. Stewart; five hundred, first lady, Mrs. George Taggart; second lady, Mrs. S. Wright; first gentleman, Mrs. F. M. Gannon; second gentleman, Mr. W. Bell.

American Woman to Wed Englishman

This photograph shows Miss Marian Poet Howard, daughter of the late Edward Howard, and stepdaughter of Robert Howard, American Consul-General in London, who is to become the bride of the Hon. Sir Mitchell-Fraser, son of the late Sir Mitchell-Fraser, of the Manor, Surrey, England.

PERSONAL ITEMS and SOCIAL HAPPENINGS

Y.M.C.A. Auxiliary Tea Proves Great Financial Success

Many Organizations Co-operate in Making Annual Affair Most Successful—Sum of \$526.46 Collected in Voluntary Donations—Music Enjoyed

ELOQUENT proof of what can be accomplished by well-organized community effort was found in the result of the annual, guest tea held at the Y.M.C.A. by the Ladies' Auxiliary with the co-operation of many other Victoria organizations. The result of the silver collection after tea amounted to \$526.46.

The large gymnasium was thronged with tables, all most beautifully decorated with chrysanthemums in varying Autumn shades and silver candlesticks with lighted candles. The head table was arranged with deep mahogany red chrysanthemums in huge silver bowls and black candles in branched silver candelabra added a new and effective note.

Mrs. R. W. Mayhew, president of the Y.M.C.A. Ladies' Auxiliary, welcomed the guests very charmingly, and regretted that His Honor the Lieutenant-Governor and Mrs. Fordham Johnson were unable to attend the tea. Mr. A. M. B. Fairbairn was the representative from Government House. Mrs. Mayhew welcomed Premier S. F. Tolmie and

Donald Macdise and Mrs. Raynor received the collections.

Seated at the head table were Mr. A. M. D. Fairbairn, Hon. S. F. Tolmie, Mrs. Leonard Andrews, His Worship the Mayor and Mrs. David Leeming, Hon. Joshua Hinchliffe, Mr. and Mrs. H. B. Witter, Mr. and Mrs. F. E. Winslow, Hon. Mr. Justice and Mrs. F. B. Gregory, Mr. and Mrs. Edwin Tomlin, Mr. and Mrs. W. A. Jameson, Mr. and Mrs. Peter Bell, Dr. and Mrs. S. J. Willis, Mr. and Mrs. James Fletcher, Mr. and Mrs. R. W. Mayhew, Mrs. Roy Angus, Mrs. W. J. Pendray, Mrs. Carl Pendray, Miss Agnew, Mrs. L. A. Genge, the Misses Renny, Mrs. Georgina Watts, Mrs. Charles Conyera, Mrs. Harold Campbell, Mrs. Alan McKill, Mrs. Angus Campbell, Mrs. D. E. Campbell, Mrs. P. B. Scutrah, Mrs. T. L. Swan, Mrs. C. H. French, Mr. W. T. Strath, Mr. James Adam, Mr. E. W. McMullen, Mr. A. Seward, Mr. C. P. Hill, Mr. W. B. Langis, Mr. Will Spencer, Mr. Fred McGregor, Mr. Frank Paulding, Mr. F. T. C. Wickett, Mr. Dudley Wickett, Mr. Spooner, Dr. J. S. Plaskett, Mr. J. B. Clearthorpe, Dr. C. Mess, Mr. B. E. Davis, Miss Penrice, Mr. B. C. Nicholas and Mr. G. H. Stevens.

Miss Sara Spencer was convener of this table and the social committee included Mrs. A. S. Lock, Mr. F. C. Mahwinney, Mrs. Victor Clarke, Mrs. Walter Tuck and Mrs. J. J. Colbourn. Those pouring tea were Mrs. R. H. Pooley, Mrs. J. W. Jones, Mrs. David Leeming, Mrs. G. A. Bucklin, Mrs. L. Andrews and Miss Sara Spencer.

CLUBS AND CHURCHES
Hostesses at the Canadian Club table were Mrs. Alfred Carmichael and Mrs. Fred McGregor, with Mrs. W. G. Wilson, Mrs. Alfred Carmichael, Mrs. D. Christie and Mrs. McGregor pouring tea, while those assisting in serving were Miss Elaine Adam, Miss Doreen McGregor, Miss Helen Eves, Miss Lois Pendray and Miss Eliza Lovitt.

At the joint Y.M.C.A. and Women's Canadian Club table were Mrs. Herbert Ansonby, Mrs. Phil Taylor, Mrs. J. A. Herlihy and Mrs. Warren Martin pouring tea.

At the Kiwanis table the hostesses were Mrs. J. B. Clearthorpe, and the pourers were Mrs. Victor King, Mrs. Byron Johnson, Mrs. Hugh Leigh and Mrs. Ellis Brown.

At the Rotary Club table, Mrs. Charles H. French and Mrs. L. Laune were hostesses, and the pourers were Mrs. Duncan McBride, Mrs. Samuel Armstrong, Mrs. Walter Fletcher and Mrs. V. Taylor.

Mrs. E. W. White and Mrs. Walter Standand were hostesses at the P.E.O. table, while those pouring tea were Mrs. H. M. Dickson, Mrs. J. G. Macfarlane, Mrs. John Baxter and Mrs. H. L. Smith.

At the Metropolitan Church table the pourers were Mrs. H. M. Dickson, Mrs. E. N. McKown, Mrs. G. A. Richardson and Mrs. E. W. Whittington.

Mrs. J. D. Munro and Miss Margaret Thompson were hostesses at the First United Church table, with Mrs. C. Wilson and Mrs. S. J. Drake pouring tea.

P.T.A. Activities
A meeting of the officers of the Mount Newton P.T.A. was held at the home of Mr. J. J. Young, Central Spanish Road, on Tuesday evening. Plans for the winter activities were arranged, the first to be held on Friday, December 8, at the Mount Newton High School, when the annual dance-bridge and contest party will take place. A buffet supper will be served, and a good orchestra has been secured for the evening.

After some weeks at Ganges as the guest of his sister, Mrs. J. J. Smith, Captain K. G. Halley has left for his home in Vancouver.

Convened Decorations at Tea Yesterday
—Photograph by Savannah.
Mrs. S. J. Willis, vice-president of the Ladies' Auxiliary of the Y.M.C.A., who was responsible for the very attractive and well-decorated affair, is seen at the head table, yesterday afternoon.

Are Here on Honeymoon

FOR the first time in Saskatchewan's history a minister of the Crown was married while in office. Saskatchewan's bachelor Minister of Municipal Affairs, Hon. Howard McConnell, B.A., LL.B., K.C., finally a victim of Cupid's foil, was married on November 1 to Miss Valerie Thornicroft, daughter of Mr. and Mrs. Stanley Thornicroft, Regina, in St. Paul's Anglican Church. She was an instructor for the Government correspondent schools. They are at present visiting in Victoria on their honeymoon.

Social and Personal Notes

Surprise Party

A number of friends of Miss Geraldine Rutherford Shaw, who will be married next week to Mr. Brian Weld, arranged a delightful surprise party in her honor last night, at the home of her parents, Mr. and Mrs. M. W. Rutherford Shaw, Transit Road. Mr. Stanley Medcalf played for the dancing, which was enjoyed until a late hour, and supper was provided by the self-invited guests. Those present included Mr. and Mrs. Shaw, Miss Shaw, Misses Freda Elyth, Nan Hutton, Roma Hartley, Pauline Rookes, Marguerite Sanderson, Eileen Thain, Patricia Hudson, Gwendolyn Dorman, Vivian Lamb, Audrey Hooper, Gertrude Watson, Ethel Bale, Dulce Hamlet, Frances Musgrave, Louie May, Doreen Day, and Messrs. Brian Weld, Olive Campbell, Charles Child, Donald Brake, James Nesbitt, Charles Swannell, Henry Watson, Robert Meldrum, Jack Fleming, Andrew Wright, Richard George, Jerry Sandy, Mitchell Lamb, Larry Howard and Ian Causton.

Kitchen Shower

The ladies of Mispah Court No. 2, Order of Amaranth, entertained at a kitchen shower in honor of Miss Ganes Lawrie, a bride-elect of this week, at the home of Mrs. H. Austin, William Street, on Monday afternoon. The gifts were presented in a prettily-decorated basket, the colors being yellow and white, by Mrs. T. B. Griggs. The tea table, covered with a lovely lace cloth with centre bowl of black filled with marigolds, was presided over by Mrs. Stanley Laurie, mother of the guest of honor, and her aunt, Mrs. A. R. Colby. Those present were: Messdames S. Lawrie, A. R. Colby, M. A. Dickson, T. B. Griggs, Woodley, J. Boulton, J. Robinson, G. Deaville, D. Clark, C. A. McGregor, Fleewood, G. Wise, Tripp, Mrs. J. A. Lawrence, Mrs. J. Wright, Richard George, Jerry Sandy, Mitchell Lamb, Larry Howard and Ian Causton.

Entertained at Tea

Mrs. D. S. Tait, Roslyn Road, entertained about twenty guests at an informal tea, recently at Shawinigan, where they will spend the winter. They will visit Tasmania and Australia before returning to Victoria.

Back From Rockies

Mrs. H. B. Jackson, who has been in charge of the C.P.R. hotel at Emerald Lake during the summer months, returned to Victoria yesterday and is again staying at the Empress Hotel.

Back in City

Mrs. Gordon Hunter and Mrs. H. Gordon, who have been living at their summer home at Shawinigan, have returned to the city and are in residence at their home on Belleville Street.

Returns From Vancouver

After spending several days in Vancouver as the guest of her son-in-law and daughter, Mrs. and Mrs. A. B. McDonald, Mrs. W. Lane Holmes has returned to her home on Beacon Drive.

Entertained at Tea

Mrs. D. S. Tait, Roslyn Road, entertained about twenty guests at an informal tea, recently at Shawinigan, where they will spend the winter. They will visit Tasmania and Australia before returning to Victoria.

Here From East

Mr. E. Gibson Evans, Mexico City, Mrs. E. Evans and Miss Gwen Evans have arrived from Montreal, and are at the Bessborough for the winter.

To Live in Vancouver

Mrs. K. C. Allen and Miss Daphne Allen, Newport Avenue, will leave early next week for Vancouver, where they will join Mr. Allen and make their home.

Short Time Here

The Misses Mary and Hillary Purdy, of Ganges, accompanied by their guest, Miss Florence Moore, of Vancouver, spent a short time visiting in the city.

Back From Vancouver

Mrs. A. M. Jennings, who has been spending the summer in Vancouver, has returned to Victoria for the winter.

Return Up-Island

Mr. and Mrs. Arnold Hanna have returned to their home at Alberni after a few days' visit in Victoria and also in Cumberland.

At Salt Spring

Miss Lillian Sweeney is spending a holiday with friends at Ganges, Salt Spring Island.

Portland Visitor

Miss M. L. Nichols, of Portland, is staying at the James Bay Hotel.

Armistice Ball

To Have Special Dance Features

Some interesting features have been planned for the programme of the Canadian Legion Armistice ball at the Shrine Hall tomorrow evening, and these include dance numbers by Miriam Schwaab, who will give a waltz and rhythm tap dances, and Ian Gibson, who will appear in a Russian dance and "The Dying Gladiator."

Balloons will be released among the crowd, and prizes will be given for spot dances. A six-piece orchestra will be in attendance, and will play the latest dance numbers in addition to certain tunes which were popular during the Great War. The dance programme is so arranged that the orchestra will play military tunes in one medley and naval tunes in another. In this way, honor will be paid to both branches of the service. A steady supper will be served, and a good menu is being prepared. The affair will be under the distinguished patronage of His Honor

CHILD "BUBBLES"
IS VICE-ADMIRAL

LONDON (CP).—Rear-Admiral W. M. James, who has been promoted to Vice-Admiral, is familiarly known as "Bubbles," he being the subject of the famous picture "Bubble," a child blowing bubbles, painted by his grandfather, Sir

John Millais, British artist. Since childhood this name has stuck to the new Vice-Admiral, whose promotion is the result of another step toward a reduction in the average age of admirals on active list. It is one of several promotions following the placing of Admiral Sir Frank Larken on the retired list at his own request, to facilitate the promotion of younger officers. His retirement, and the other promotions, were announced just recently by the Admiralty. Vice-Admiral James is re-

pointed to the command of the Battle Cruiser Squadron, which he has held for more than a year past. He was in command of the Red forces in the recent combined naval and air exercises off the coast of Scotland. Major: "About this hand grenade accident. You told the man to pull out the pin, count ten, and then throw it didn't you?" Corporal: "Yes, sir, but how the deuce was I to know he stam-

That Body of
Yours

By James W. Barton, M.D.
IMPROPER POSTURE INTERFERES WITH HEALTH
I often wish that parents could see just what is happening to the body when their boy or girl is

"slouchy" or round shouldered as he walks, sits, or stands. All parents like to see their children walk with an erect carriage because it improves their appearance, but it never occurs to them that the work of practically every organ in the body is not carried with if the body is not carried in the erect position. Yet one short sentence by Dr. J. R. Garner, Atlanta, tells the whole story. He says: "Improper posture, owing to its pressure effects on the heart and blood vessels, interferes

with the blood supply and the purifying of the blood in the lungs, and disturbs metabolism." What is meant by metabolism? Metabolism means the tearing down by use, and the building up by the blood of every cell in the body. Just think of that for a moment. Every little cell in the structure of the heart, the bloodvessels, the liver, the kidneys, the brain, nerves, muscles, every organ and tissue of the body, as it does its work, uses up a part of itself, and this waste is

carried by the blood to the lungs, to be thrown out of the body as we breathe out. Similarly every one of these cells in all these organs and tissues is built up again by the blood as it passes through and around them. Now, as Dr. Garner and every physical director points out, as improper posture presses against the heart and lungs, interferes with the flow of impure blood into the heart, and pure blood out of the heart and lungs, the quality of the blood is bound to suffer.

The point then is that round shoulders and a slouching attitude not only spoil the appearance but lower the quality of the blood so that every part of the body suffers. The proper posture can be attained and maintained by keeping the abdomen drawn in, the chin drawn in and the shoulders well back. Proper posture is more than appearance: it is good health. A man recently threw a hammer a distance of 184 feet. Then he had his thumb bound up.

RICE CUSTARD PUDDING

—prepare this delicious way..

Rice Custard Pudding

1½ cups boiled rice
2 eggs
1 cup sugar
½ teaspoon salt
Nestlé's Evaporated Milk
Butter, eggs, add sugar and salt. Stir well, then add Nestlé's Evaporated Milk, water and rice. Turn into a buttered baking-dish. Sprinkle with nutmeg. Bake in a pan of hot water and bake in a moderate oven (350° F.) until set—for about 1 hour. Serve with maple or brown sugar syrup. Yield: 6 to 8 servings.

POWERFUL DRAMA IS AT DOMINION

Lionel Barrymore Gives Superb Performance in "One Man's Journey"

One of the greatest screen stars ever to hold the cinematic spotlight is Lionel Barrymore; and, as could be expected, he offers a superb characterization in "One Man's Journey," which opens today at the Dominion Theatre.

"One Man's Journey" is a strikingly descriptive title for this R.K.O.-Radio picture. Essentially, it is a character study of a country doctor, told dramatically and with effectiveness. Remarkable power and exceptional human interest run through this rural Good Samaritan's progress.

Pulse-quicken emotion and drama pervade Eli Watt's sacrifice. He devotes his life saving the heart as well as healing the body. He works willingly without recompense, without selfishness. His reward comes in a highly touching climax.

Lionel Barrymore once won the award of the Academy of Motion Picture Arts and Science for the best performance of a year, and after "One Man's Journey" he may win it again.

As the added attraction, the management has secured "Rafter Romance," a clever comedy, starring Ginger Rogers and Norman Foster.

CLEVER MYSTERY TO BE PRESENTED HERE

"The Jade God," a three-act mystery from the pen of William E. Barry, based on a novel by Alan Sullivan, has been chosen by the Little Theatre Association for this season's opening performance, which will take place in the Shrine Auditorium on Thursday and Friday evenings, November 16 and 17.

This play enjoyed a long and successful run at the Cort Theatre in New York with a distinguished cast, and is considered by many critics to be among the finest of the more conservative mystery "thrillers." It has all the qualities which contribute to good entertainment yet lacks those which tend to cheapen and make it far-fetched.

EMPIRE SCREENS MUSICAL COMEDY

Jessie Mathews and Gene Gerrard Co-Starring in "Little Tommie Tucker"

The popular star of "The Good Companions," Jessie Mathews, returns to the screen today at the Empire Theatre in a lively musical farce, "Little Tommie Tucker," the film adaptation of the famous English musical comedy, "Out of the Blue." This new importation from the British studios also includes a brilliant stage and screen comedian in Gene Gerrard, who scored an immediate hit in his first picture, "My Wife's Family."

"Little Tommie Tucker" is the first picture featuring two such fine artists, and a fine team they make. The story deals with the fascination of a radio fan for the unseen voice of an announcer. There are some side-splitting comedy scenes introduced and many delightful musical numbers.

The light-hearted personality of Gene Gerrard and the succession of incidents which provide opportunities for innumerable "gags," make splendid entertainment of the picture. The light-hearted personality of Gene Gerrard and the succession of incidents which provide opportunities for innumerable "gags," make splendid entertainment of the picture.

The light-hearted personality of Gene Gerrard and the succession of incidents which provide opportunities for innumerable "gags," make splendid entertainment of the picture.

MIDNIGHT MATINEE TO BE OFFERED IN CITY

Commencing at 11:30 Friday night the Capitol Theatre will present an Armistice Eve Midnight Show, with entertainment that includes both stage and screen attractions.

A stellar cast heads the feature picture that will be shown, "Night Flight" brings to the screen John Barrymore, Helen Hayes, Clark Gable, Lionel Barrymore, Robert Montgomery and Myrna Loy.

On the stage Reginald Wood and his orchestra will render popular selections, and regular vaudeville turns will be given.

Letters to the Editor

No letter to the Editor will be inserted unless it is accompanied by the name and address of the writer. This rule admits of no exception.

"WORK AND WAGES"

Sir—The above slogan, no doubt, was a wonderful vote-getter and a very fine political platform "to get in on," but it is obviously too unstable a plank to stand upon when its advocates assume the responsibility of finding the wages, under present world conditions, unless we can put our unemployed to work producing at a profit something the world wants and for which it is willing to pay.

Intermittently, this has been shown by Mr. Hastings, who pointed out in your columns that we should require at least thirty millions per annum for wages alone, whereas our total income for all purposes is under twenty millions.

Called upon by Mr. Alfred Carmichael in a recent issue of your paper cannot be put into successful operation for the simple reason that "we cannot live by taking in each other's washing."

Our standard of living (or high living), which no responsible body has suggested should be lowered, calls for such crockery or pottery into this country of such articles of use and consumption as tea from Ceylon, coffee from Brazil, rice from China and sugar from Java, and canned goods from California, cotton and woolen goods, boots and shoes and a long list of commodities, such as crockery or pottery, articles made of steel and other metals, not to mention automobiles, gasoline and oil, etc.

There can be no justification for borrowing money or raising loans of bonds of any kind unless the proceeds are put into productive enterprises or developments that will, at present, be unproductive, but in the future, bring in a revenue.

We have squandered too much already on roads, etc., and the bootless revenue from tourist traffic never was derived and was based on the supposed average expenditure made by the occupants of tourist cars, many of whom patronized nothing but the free air pumps at service stations.

There is one substance which this province can produce and for which there is a world-wide demand and at record high prices, and that is gold. It is needed urgently to liquidate debts and interest and to pay for adverse trade balances in countries which sell to us more than they buy from this province or this Dominion.

Gold is worth now about \$31 per ounce, but at the time the price was \$20, the writer advocated that our Provincial Government should proceed to develop the immense dormant gold deposits of this province. This does not mean "Socialism," for no interference with private property and private enterprise is attempted. The surface of our gold deposits has merely been scratched.

HELP FOR TIRED WIVES

Take Lydia E. Pinkham's Vegetable Compound

Wives get tired during these hard times. They are overworked, they are the burden of the family. When the husband comes home with less money in his pay envelope... it is the wife who must struggle along and make the best of things.

If you are tired... work out... Lydia E. Pinkham's Vegetable Compound... it will give you the strength to carry on.

98 out of every 100 women who report that they feel better after using Lydia E. Pinkham's Vegetable Compound. Buy a bottle from your drug store today... and watch the results.

NATIONAL HOCKEY LEAGUE WILL OPEN TONIGHT

Toronto Leafs and Boston Bruins Will Battle in Feature

Queen City Icemen and Runners-Up in Stanley Cup Series Will Meet Powerful American Division Team Tonight on Home Ice—Canadiens to Take on Red Wings

TORONTO, Nov. 8 (CP).—Right in the middle of a torrid football season on both sides of the border, the National Hockey League opens the winter fireworks tomorrow night at Chicago, Montreal and Toronto. All nine teams in the circuit's two divisions will have swung into the campaign by the week-end.

There are promising recruits all along the line, veterans in new surroundings and one or two thoroughly overhauled machines to get away with the starter's gun on the chase toward the National League championship, held by Toronto Maple Leafs, and the Stanley Cup, on the shelf of New York's Rangers.

Strangest of all is a Boston Bruin team without Eddie Shore, the bolstering defenceman from Alberta, who is patching the fences on his Peace River wheat farm, spurning the offers of Manager Art Ross to come back to the major league for what is reported to be \$2,500 less than his 1932-33 contract brought him.

Shore, rated the greatest defenceman in hockey during the last two seasons, will be the chief absentee when the Leafs and Bruins open the season here. In a record-breaking overtime game last Spring the Leafs captured the fifth game of the National Hockey League title series from the Rangers—and the title.

Bob Gracie, a Leaf last season, will appear on Boston's first-string forward line with Marty Barry and Dix Clapper. Other Bruin newcomers are Pinky Davey, defenceman, promoted from Boston Cubs; Peggy O'Neill, from the American Association; and Johnny Sheppard, winger, purchased from New York Americans.

George Hainsworth, secured from Canadiens in a trade for Lorne Chabot, will be in the nets for the Leafs and Hec Kilrea will bolster the attacking flank. Other newcomers are Charlie Skaala, Port Arthur, Ont., right winger, who made a hit in the play-offs, last Spring, and Booz Boll, promoted from Syracuse.

Detroit Red Wings, little changed from a year ago, and Canadiens, also nearly intact from 1932, stage Montreal's opening, while New York Americans and the Black Hawks, both extensively rebuilt, meet at Chicago.

Gordon Pettinger, the kid centre who got little to do for Rangers last year, is the only freshman in the Detroit squad.

CANADIENS LITTLE CHANGED
Leo Dandurand is hoping for better things from practically the same line-up that barely scribbled into a play-off berth last season and, once there, went out quickly. Chabot is the outstanding newcomer.

Black Hawks, bolstered by Lionel Conacher on defence and a group of new forwards, including Jack Lewicki, Billy Kendall and Louis Trudel from the American Association, appear a touch stronger unit as they prepare for the Americans.

The New Yorkers have obtained Chris Speyer for defence and at least one highly promising forward in Lloyd Gross, who led the International League scorers last year.

New York Rangers make their first league appearance at Toronto Saturday night, while Montreal Maroons and Ottawa Senators also get away to delayed starts. Maroons will be home Saturday to Boston and the Senators will entertain the Canadiens.

Primo Shows Dad Wallop

PRIMO Carnera, world's heavyweight champion, may be the "big bad wolf" to opposing boxers, but he's just "my little boy Primo" to his father, who is shown in a playful mood with his son in their home in Sequela, Italy.

Annual Meeting Of Uplands Club Set for Tonight

THE annual meeting of the Uplands Golf Club will be held this evening, at Sprout-Shaw School, commencing at 8 o'clock. Election of officers for the coming year will take place, reports will be submitted, and the coming season's activities discussed. President Fred Dillabough will preside.

Hustles won three by default.

N.H. League Notes
Hockey fans who get their turn kiding officials, can start any time. For National Hockey League referees this season will be garbed in white and blue, according to Frank Patrick, the new boss.

Newspaper reports of the games, too, may undergo change. In gripping reports of battles between section leaders there will have to be time out for a few fashion notes. They will tell, perhaps, how charming George Mallinson looked in a white ensemble; or how chic Bobby

Vancouver Province Cagers to Face Ribbons Here Saturday
VANCOUVER Province senior cage squad, rated by many as the strongest quintette on the Mainland, will play an exhibition fixture against Blue Ribbons, Dominion titleholders, here Saturday evening at the High School gymnasium, it was announced yesterday by officials of the local aggregation. A strong preliminary game will precede the big attraction, which will start at 9 o'clock.

The visitors' quintette is strong in all departments and will bring the following players here: Jack Purves, Norm Will, Eddie Armstrong, Red Macdonnell, Bert Smith, Harvey McIntyre, Russ Kennington, Ross Helem, Bill Chater. The Ribbons will be intact for the game.

Victoria High and College Girls Win First Hoop Games

Former Defeats St. Margaret's, 46-19, as Latter Whips Normal School, 44-33, in Opening Games of Inter-School Basketball League

Victoria High School and Victoria College were the victors of the first girls' inter-school basketball games, which took place yesterday in the High School and Normal School gymnasiums. The former, playing St. Margaret's School, defeated them, 46 to 19, and the latter, playing Normal, won, 44 to 33.

High School girls played a strong offensive game against St. Margaret's, who found it hard to get used to their opponents' home floor. The game opened with Jean Wilson and Doreen Beere doing the heavy scoring for the High School, while Pauline Hayes scored two tallies for St. Margaret's, which ended the half with High School leading, 30 to 4. St. Margaret's rallied in the second half, but were unable to make up the early gain of their opponents.

HARD-FOUGHT GAME
The College-Normal game was hard fought throughout, and it looked at times as if Normal would win. The chief College threat against Normal was Mary Wilson, who evaded her check to score thirty-one of her team's forty-four points.

The high scorer for Normal was Muriel Thompson, who netted nineteen points. Both teams were fighting hard for the lead when the interval came for half-time, which ended with College ahead, 21 to 16. The second half was a repetition of the first as far as the general play went, except for the bursts of speed on each side, which often resulted in a score.

THE LINE-UPS
The teams and individual goale followed:
Victoria High—Jean Wilson (14), Lola MacMurchie (12), Doreen Beere (14), Eleanor Trotter (2), Jane Trotter (4).
St. Margaret's—Pauline Hayes (12), B. Sheppard (4), D. Haughton (3), A. Craig, V. Graham, P. Towler and N. Patterson.

Referee, Pat Copeland.
Victoria College—Mary Wilson (31), K. Ellis (2), B. Hastings, D. Williams (2), E. Peden, F. Graham, B. Stewart and A. Jones.
Normal—M. Thompson (19), E. Watson (8), B. Moffat (6), M. Bonor, M. Eger, E. Jones, C. Graham and J. MacDonald.

SUPERVISOR SPEAKS ON SCHOOL SYSTEM
NANAIMO, Nov. 8.—A. S. Powell, teaching supervisor of public schools, gave an account of his stewardship at a meeting of Nanaimo Parent-Teacher Association, on Tuesday night, in which he also outlined the advantages and disadvantages of the present school system.

Speaking of examination results, he said that the public's habit of judging exclusively examination results has done immeasurable harm to schools everywhere. The greatest leaders in education would endorse his statement, he said. The only way out of an evident mess was to abandon the old system of examinations.

"Threats through the post. The mailed fist."

checker we have—he alone allows his head to save his feet a lot of trouble.
Or would it have pleased you to be fired at half time after having earned the right to represent your club?
One of the first laws of the game tells us that it is to be played by eleven men a side.
Let's ask our friend of another column to reserve a couple of saloons for De Costa and O'Neil, and a pair of slams for—no, we will give them one more chance.
This week's chatter, you are saying, is punk; well, so was last week's football!
"I read that the racketeers in your city have at last been brought to justice."
"Oh no. They were only arrested."

CITY TO WORK OUT
A workout of the Victoria City First and Second Division soccer teams will be held this evening at the Veterans of France at 8 o'clock. All players are asked to turn out.
Both the vocalists were indignant, for each considered herself superior to the other, and now someone has said that their talents were equally divided.
So an eminent professor of music was asked to give his opinion, the vocalists agreeing to abide by his decision.
After hearing them, the master turned to one: "Miss Rene," he said, "you are the worst singer I ever heard."
"Then," exclaimed the other solo piano, "I am better than she is."
"Pardon me, Miss Rita," interrupted the professor suavely, "you can't sing at all!"

Gillette Blue Blades Valet AutoStop and Gillette Blades in Green Package

NOW 5 for 25¢
10 for 50¢

At the old prices Gillette and Valet AutoStop Blades were a sound value. Today's drastically reduced prices make them sensational bargains. The same high quality is positively guaranteed. If not satisfied return the unused blades to your dealer and he will refund your money.

WERE LOST IN GHOSTLY CAVE

Teacher and Scribe Have
Narrow Escape in Nova
Scotia Cavern

HALIFAX (CP).—Lost in a treacherous, damp cave, filled with carbon monoxide fumes, un-nerved by constant rumblings of tons of crashing rock, and battered by the snoring wings of bats disturbed in their dark solitude, is part of a story told here by A. E. Ettinger, school teacher, who makes explorations of unknown places on his summer holiday pastimes. And, the story is vouched for by a red-thatched newspaperman, Mike Ryan, who also admits the experience wasn't his idea of a pleasant holiday.

Ettinger, secretary of the Halifax Men Teachers' Federation, returning from exploring thirty-two caverns of the big recess that he describes as a "great natural phenomenon which has baffled all attempts of science to explain," said the "Junior rival to the famous Mammoth cave of Kentucky" is in a plaster mountain on Richard Hays' farm at Maple Grove, near Maitland, Han's County. Legend points to the place as one of Captain Kidd's treasure caches.

Few humans ever have traveled to the innermost recesses of this cave where, Ettinger says, death awaits the unwary at each footstep. The dangers, he adds, are from carbon monoxide gas and constantly falling plaster rocks. "The cave, in which only 'thousands of bats' can survive any length of time, ranged from at least 150 to 300 feet deep and extended more than a half-mile.

THOUSANDS OF BATS
 It was down in one of these chambers Ettinger and his companion found themselves up against a black wall, feeling dizzy and nauseated from poisonous fumes, their search-lights playing on countless thousands of bats swooping madly about—and lost. The teacher, in desperation, crawled on his stomach along a dripping, narrow tunnel but he was unable to get his shoulders through the little aperture leading to the succeeding den.

Slight whiffs of fresh air that saved them from being overcome led the explorers, in their narrow confines for more than three hours, to believe another passage, as yet undiscovered, existed on the other side.

Describing his feelings when he and his companion discovered they were lost in what he aptly described as a reproduction of Dante's Inferno, the teacher said:

"It was a terrifying experience. The horrible fate of Floyd Collins

in the Mammoth Cave of Kentucky flashed through my mind. I at once dismissed such depressing recollections and tried to recall the theory of one school of philosophy that matter does not exist except in one's mind, but with boulders and bats for companions there was small comfort in this.

"Spurred on by the knowledge indicated by a growing drowsiness and a severe headache that the foul atmosphere inside the cavern was taking its toll, we began a methodical effort to locate blue markings we had carefully placed at strategic points on the white plaster walls for such an emergency.

"After a search of perhaps a half hour our feelings, which had bordered on despair, were changed to joyful thankfulness when with one of our flash lamps, the batteries of which were fast running down, I picked up one of the arrows which I had drawn. With our bearings once more decided it was perhaps only a few minutes before we reached the cave mouth, although it seemed an endless journey. Although I was thrilled and amazed with what I saw within, I have no anxiety to repeat any similar exploration trip within its confines."

THE WORD "BANQUET"
 A word which illustrated the far cry between much of our modern lexicon and its origin, is "banquet," which has for us only one meaning, and that "a feast."

For "banquet" means really only "a little bench." We have it through the French from the Italian "banchetto," diminutive of "banco," bench.

Presumably, it is because in attending early editions of the ceremonial meals which we call a banquet, one sat on a bench, that we have this word today!

Ven. A. L. Fleming was raised to the rank of bishop at a recent meeting of the Provincial Synod of Rupert's Land, by the erection to a diocese of the Arctic Mission, to which for many years the honored archbishop has given earnest service. His See stretches from Yukon to the Labrador Coast, almost continent-wide. It is about 3,000 miles long and spans the top of the North American hemisphere. The bishop-elects people are Eskimo, Indians and scattered whites. Bishop Geddes was translated to the Yukon, succeeding Bishop Sovereign of Albasca. Yukon is likely to be included in the ecclesiastical Province of British Columbia.

Little Bedtime Stories

Peter Finds Veery

By THORNTON W. BURGESS

Peter Rabbit had spent a quiet day in the dear Old Briar Patch. As evening approached he decided to go back to hear Melody the Wood Thrush sing again. Just as he drew near the Green Forest he heard from the direction of the Laughing Brook a song which caused him to change his mind and send him hurrying in that direction. It was a very different song from that of Melody, yet if he had never heard it before Peter would have known that such a song could come from no throat except that of a member of the Thrush family.

As he drew near those beautiful notes seemed to ring through the Green Forest like a bell. As Melody's song filled him with the feeling of peace, so the song stirred in him a feeling of the wonderful mystery of life. There was in it the very spirit of the Green Forest. It didn't take Peter long to find the singer. It was Veery, who has been named Wilson's Thrush, and by some folks is known as the Tawny Thrush.

At the sound of the patter of Peter's feet the song stopped abruptly and he was greeted with a whistled "Wheee! Wheee!" Then seeing that it was no one of whom he need be afraid, Veery came out from under some ferns to greet Peter. He was smaller than his cousin Melody, being one-fourth smaller than Welcome Robin. He wore a brown coat, but it was not as bright as that of Melody. His breast was somewhat faintly spotted with brown, and below he was white. His sides were grayish white and not spotted like Melody's sides.

"I heard you singing, and I just had to come over to see you," cried Peter.

"I hope you like my song," said Veery. "I love to sing just at this

hour, and I love to think that other people like to hear me."

"They do," declared Peter most decidedly. "I can't imagine how anybody could fail to like to hear you. I came over here just to hear you sing and listen. Won't you sing some more for me, Veery?"

"Certainly," replied Veery. "I wouldn't feel that I was going to bed right if I didn't sing until dark. The only way I can express my happiness and love of the Green Forest and the joy of just being back here at home is by singing."

Veery slipped out of sight and almost at once bell-like notes began to ring through the Green Forest. Peter sat right where he was, content to just listen and feel within himself the joy of being alive and happy in the beautiful Spring season which Veery was expressing so wonderfully.

Finally from deep in the Green Forest sounded the hunting call of Hooty the Owl. Veery's song stopped. "Good night, Peter," he called softly.
